Hi Vikki and team

At this point, we expect the ToR for the review to come to us first thing in the morning and we believe there will be a request for a very quick turnaround at that point.

MHSS are ready to go with our files saved on 2 password protected usbs which we will take into the MHAODB tomorrow.

We have been asked to provide a confirmed list of **BAC inpatients and day patients** [REDACTED] – this will form the basis of the patient cohort for the review.

I have attached the preliminary list based on my information, but as advised by Legal this afternoon, this needs a formal secondary confirmation of accuracy prior to proceeding to the MHAODB tomorrow.

As discussed over the phone, can you please urgently consider this list against your information tomorrow and let me know if there are any missing or inaccurate details (in writing in please).

Thanks for your help, look forward to touching base tomorrow.

leanne

Dear Ms Dwyer

I refer to previous correspondence to you from the Director-General, dated 14 August 2014, in relation to the current health service investigation into the statewide transition and care planning measures following the closure of the Barrett Adolescent Centre, Wacol, West Moreton Hospital and Health Service in January 2014.

As you are aware, three health service investigators have been appointed by the Director-General, under section 190(1) of the *Hospital and Health Boards Act 2011*, to undertake the investigation.

The original due date for the completion of the investigation was 16 September 2014. However, certain factors have collectively delayed the progress of the investigation, such that an extension of the due date is required, to enable sufficient time for completion of the investigation and production of a report to the Director-General. The contributing factors included the volume of records received to date, the number of records not yet received by the investigators, and the number of potential witnesses to be interviewed.

In the circumstances, I have agreed to an extension until 5.00pm 31 October 2014.

The terms of reference for the health service investigation otherwise remain unchanged.

Should you require further information, the Department of Health's contact is Mrs Wensley Bitton, Senior Principal Lawyer, Legal and Governance Branch, on telephone [redacted]

Yours sincerely
