G'day Brett

I can confirm that we have funding to pay for 0.2FTE of Anne's time at the Mater until the end of the FY.

This should cover any transitional work she requires for managing the ex-Barrett young people (likelihood that this will take much time is very low, but it is important that we have someone working in this position until the end of the FY).

The 0.2FTE funding should also cover any subacute inpatients admitted to the unit.

With all the issues associated with contracts, it would be easiest if you simply invoice us for her time. You ok with that?

Cheers

Dr Stephen Stathis
