

7. Equitable access to AETRS for all adolescents and families is high priority need to enhance service provision in North Queensland (and regional areas)

ECRG Recommendations	Planning Group Recommendations
a) Local service provision to North Queensland should be addressed immediately by ensuring a full range of CYMHS services are available in Townsville, including a residential community-based service.	Accept.
b) If a decision is made to close BAC, this should not be finalised before the range of service options in Townsville are opened and available to consumers and their families/carers.	Accept.

 Dear families and carers,

As promised, I would like to keep you informed of progress associated with the Barrett Adolescent Strategy.

Please find attached the latest Fast Facts Sheet (No. 6) for your information.

You are very welcome to contact me if you have any queries.

Regards
 Sharon Kelly

Barrett Adolescent Centre

Welcome to our next update on the Barrett Adolescent Centre for 2013. We hope this newsletter helps keep you informed about Barrett Adolescent Centre. To have your say or if you would like more information, please email [\[redacted\]](#)

Kind regards
Sharon Kelly
Executive Director Mental Health & Specialised Services
West Moreton Hospital and Health Service

Announcement about the way forward

It was announced by the Honourable Lawrence Springborg, Minister for Health on 6 August, 2013 that adolescents requiring extended mental health treatment and rehabilitation will receive services through a new range of contemporary service options from early 2014. Young people receiving care from the Barrett Adolescent Centre (BAC) at that time will be supported to transition to other contemporary service options that best meet their individual needs. Children's Health Queensland will assume governance for any new service options that are implemented, as part of its statewide role in providing healthcare for Queensland's children.

Who has been consulted about the recommendations of the Expert Clinical Reference Group?

The announcement came following careful consideration of the seven recommendations from the Expert Clinical Reference Group (ECRG), and further consultation with a range of stakeholders. West Moreton Hospital and Health Service have consulted in an ongoing way with the Minister for Health and Department of Health, the Queensland Mental Health Commissioner, the Department of Education Training and Employment, and Children's Health Queensland. These are some of the key stakeholders that will continue to support the next stage of implementation for statewide adolescent extended treatment and rehabilitation service options.

What is the next step?

An implementation Steering Committee will convene for the first time on 26 August 2013, chaired by Children's Health Queensland. Membership will include a consumer representative, carer representative, senior multidisciplinary clinician representation of public child and youth mental health services across the State, non government organisation representation, and a representative from the Department of Health. Communication with stakeholders will continue to be a priority throughout this next phase of the strategy.

How can we get the best outcomes in the time frame we have?

This strategy does not begin when the Steering Committee meets next week. A substantial amount of preparation and planning has been ongoing since the ECRG began work in December 2012. The seven ECRG recommendations will now provide a comprehensive foundation for the next phase of the strategy. This is about implementing the work already done by the ECRG, and focussing our efforts on the final stages of the strategy so we are ready to deliver new service options by early 2014.

What about the current consumers and staff of the Barrett Adolescent Centre?

It remains a priority for West Moreton Hospital and Health Service to focus on providing support and information to the adolescents, their families and the staff of the BAC. There will be no gap to service provision for the young people currently receiving care from BAC.

Importance: High

Dear Ms Kelly.

I have read the documents you forwarded regarding the recommendations for mental health care for young people in Queensland in lieu of keeping the Barrett Adolescent Centre open.

I find myself unable to take the documents seriously. They say nothing concrete – there are no actions, rationales, KPI's, timelines, only platitudes about doing the best for young people.

The only thing clear from the documents is that the government wants to close Barrett and divest its funding to community organisations to provide appropriate 'wrap around' care.

[REDACTED]

Forgive me if I sound cynical but I don't see any attempt in the documents you have sent me to [REDACTED]
[REDACTED] I read a lot of bureaucratic verbiage that says nothing
meaningful and gives the reader no idea of what real actions the committee have decided on.

I would appreciate you sending me a copy of the briefing paper that you put together for the committee members and government officers. I may be doing you a great dis-service and I cannot believe that the platitudes you have forwarded me are the actual recommendations that you have taken so many months to arrive at.

53

Thank you.

Subject: Barrett Adolescent Centre update

Good afternoon,

As you have previously shown an interest in the Barrett Adolescent strategy we thought it appropriate to provide an update in regards to the strategy as announced by the Minister for Health, Honourable Lawrence Springborg on the evening of Tuesday 6 August.

The West Moreton Hospital and Health Service has undertaken considerable consultation which included the Planning Group, and the Expert Clinical Reference Group (ECRG). Further key stakeholder consultation was then conducted with the Department of Health, the Queensland Mental Health Commissioner, the Department of Education Training and Employment, and Children's Health Queensland.

The work of the ECRG, the Planning Group and the subsequent consultation process has enabled us to progress the Strategy to the next phase. As identified in an announcement made by the Minister, adolescents requiring extended mental health treatment and rehabilitation will receive services through a new range of contemporary service options from early 2014. Young people receiving care from Barrett Adolescent Centre at that time will be supported to transition to other contemporary care options that best meet their individual needs.

For further information about Barrett Adolescent Centre and the planning for new statewide service options in adolescent mental health extended treatment and rehabilitation, please find attached a media statement, a copy of the ECRG recommendations submitted to the West Moreton Hospital and Health Board, and a FAQ sheet.

West Moreton Hospital and Health Service FAST FACTS 9

Barrett Adolescent Centre

Welcome to our next update on the Barrett Adolescent Centre for 2013. We hope this newsletter helps keep you informed about Barrett Adolescent Centre (BAC). To have your say or if you would like more information, please email [REDACTED]

Kind regards
Sharon Kelly
Executive Director Mental Health & Specialised Services
West Moreton Hospital and Health Service

Consultation is Ongoing

We have provided specific updates recently to other mental health service providers in Hospital and Health Services across the State, the Department of Communities Child Safety and Disability Services, and to the Commission for Children and Young People and Child Guardian. We have also met with our colleagues from the Department of Education Training and Employment, and continued to engage regularly with them through emails and phone calls as information comes to hand.

Consultation with BAC Parents/Carers is a Priority

The West Moreton Hospital and Health Service remains committed to ongoing consultation and support of BAC parents/carers during this transition process. West Moreton clinicians and service leaders have met with parents/carers of the young people at BAC, to provide information and seek their input into the changes that are occurring. Our clinical team is in constant contact with the families of the consumers about their individual care. We have also continued to disseminate personal emails and phone calls to the parents and carers with any new information that comes to hand, and some parents/carers have also chosen to accept the offer of regular contact with the Consumer Advocate of Mental Health and Specialised Services.

It is extremely important to engage the families of adolescents at BAC in a considerate and meaningful way throughout the transition process, and West Moreton continues to respond to feedback from the parent and carer group about how we can best do that.

Statewide Project Update

All current BAC parents and carers were invited by Lesley Dwyer, Chief Executive, West Moreton Hospital and Health Service to submit a written submission to the statewide project, expressing their views and experiences regarding the current and future service options in Queensland for adolescents requiring extended treatment and rehabilitation. One collective parent submission was received from several BAC parents/carers. The parents/carers who contributed to the submission have also been invited to meet with the Steering Committee of the Statewide Adolescent Extended Treatment and Rehabilitation Implementation Strategy on 4 November 2013 to present their submission.

Service Options Implementation Working Group

Statewide members of this Working Group have been invited to consider fictional adolescent case scenarios over the last couple of weeks, and to identify service system gaps and barriers to providing comprehensive extended treatment and rehabilitation care at the local level. The responses to this task will further enhance our understanding of how the current service system meets the need and demand of adolescents requiring this type of care, in addition to the issues that require addressing.

From: Trevor Sadler [mailto:[REDACTED]]
Sent: Monday, 17 June 2013 6:38 PM
To: WMHHBoard
Subject: Invitation to "Walk Around" the Barrett Adolescent Centre

In response to Dr Corbett's invitation in her last newsletter to email the Board about hosting a "Walk Around" by the Board when next at a Facility, this is to invite the Board to Barrett Adolescent Centre when next at The Park.

We may not be positive about the future, but we are positive about the work we do with adolescents.

We suggest a variation on walking around. This time, we invite the Board to sit down with us at one of our Cafe Days which can be scheduled to fit in with the Board's timetable.

First this would give us the opportunity to demonstrate the positive programs at the Centre. We have pioneered comprehensive rehabilitation services for adolescents with severe mental illness in Queensland. There are many aspects to this including understanding foods, planning skills, sourcing food from markets and supermarkets, preparing menus, meal preparation, preparing adolescents for part time work (which is often in the hospitality industry) as well as working as a team etc. Holding a Cafe Day allows the adolescents to bring all these skills together.

Secondly, I am tremendously impressed by the positive staff at Barrett. Cafe Day is a seamless collaboration between a number of key teaching staff and our occupational therapists. Teachers, occupational therapists and nursing staff are essential to the rehabilitation program at Barrett. Teachers regularly go beyond what is required of them to meet the needs of adolescents. Nursing staff continue to put the needs of adolescents before their own careers. The health professional staff have adapted any interventions they learnt at uni to provide treatment and rehabilitation for a group of young people whose severity of illness is such that the literature only provides the broadest of outlines about how to proceed.

Finally, and most importantly, I am positive about the young people we treat. Depending on the timing of the walk through, you will interact with young people who were almost certainly completely socially isolated, unable to go to school, often having given up on the future, and for many, even having given up on life itself. To confront the issues they have requires courage and determination. This venue would give the Board a unique opportunity to interact with patients, to hear of their hopes for the future. On the day, some could be too unwell to participate. Others will be out in activities which are reintegrating them into the community.

Thus, we can never predict what a particular Cafe Day will be like. But from past experience, they have been positive events. We invite the Board to share this with us.

Yours sincerely,

Trevor Sadler

Hi Matt/ Vanessa,

Just a note to fill you in on the situation with [REDACTED] and [REDACTED] course. I have organised with [REDACTED] (the coordinator of the course) to have [REDACTED] attend [REDACTED] to finish [REDACTED] attendance requirements. [REDACTED] will also need to hand in [REDACTED] completed workbook and do two short verbal presentations. [REDACTED] will make sure all these requirements are met once [REDACTED] is there, so that hopefully [REDACTED] would have completed the course and qualified after this session.

I have arranged for [REDACTED] to pick [REDACTED] up from [REDACTED] home early on Tuesday morning and take [REDACTED] to [REDACTED] course in the school car.

Do we need to complete an activity planner for this course trip?

Best regards,

Janine

Subject: FW: New arrangements for [REDACTED] Work Experience [REDACTED]

Hi Sarah and Matt,

Just a note to "fill you in" on the **new** arrangements that have been made for [REDACTED] Work Experience.

As [REDACTED] has missed quite a few days this week, I have arranged for [REDACTED] to undertake a new full week session in a few week's time.

[REDACTED] new period of Work Experience is from [REDACTED]
 [REDACTED]

Hopefully, the same arrangements can prevail for this period as well.... ie :

- That [REDACTED] be picked up from [REDACTED] each morning and escorted to [REDACTED] by car.
- Darren Bate to pick [REDACTED] up [REDACTED]

Could the nurses arrange for [REDACTED] pick up and transport to [REDACTED] on the [REDACTED] morning please ?

As I have already undertaken an induction/orientation day with [REDACTED], which included me escorting [REDACTED] back to BAC via train , so that [REDACTED] is now familiar with the station location and proximity to the [REDACTED] etc. Hence, [REDACTED] will be fine to return to BAC by train by [REDACTED] during [REDACTED] next scheduled block of work experience sessions.

In addition to this, [REDACTED] is welcome to attend for Work Experience for the remainder of this week as well if [REDACTED] so wishes.

As I am away on a course for the next two days, please refer any further enquiries/comment to Debbie during my absence.

Many thanks.

Best regards,

Janine
