Dear Mr Hill

Barrett Adolescent Centre Commission of Inquiry

We refer to the list of potential transition patients circulated yesterday.

In her opening, Junior Counsel Assisting referred to  potential transition patients. Review of the  patients indicates the following breakdown of that number:

- (a)
- (b)
- (c)
- (d)

We note that the  patients identified on the potential transition patient list circulated by you yesterday all fall within (b).

Would Counsel Assisting please formally confirm that it is accepted that the patients in categories (a), (c) and (d) are not 'transition clients' within the Terms of Reference.

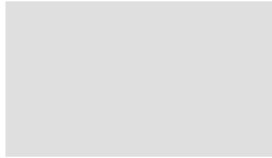

As the witnesses scheduled to give evidence tomorrow and on subsequent days were clinical staff involved in the transition of patients, we request this clarification be given prior to the commencement of witnesses' evidence tomorrow.

Yours faithfully
