Dear All

Please find attached an updated V3 of the proposed service model elements document and preamble. I have also attached the table I referred to earlier, which captures most of the feedback and our actions/amendments in response. Pls note - some feedback was received after the table was finalised earlier today, and so it may not be in the table but an attempt was made to incorporate it in the V3 of the document and the preamble. Also, the preamble still requires amendments.

I apologise for the time frame in getting this to you, however, we have endeavoured to incorporate all your feedback and were making amendments up until this evening.

I look forward to seeing you all tomorrow morning.

Regards  
Leanne
