Hi Leanne,

Please find attached a summary of all the young people on the BAC list. As you will see there are [REDACTED] where the issue of clinical responsibility appears to still be unresolved, but I am not sure if the follow up that Anne Brennan undertook is listed in the spreadsheet that I have. So there may be further activity that has sorted those three.

I will be on leave until Monday 31 March, and I am happy to help out further if required on my return.

Cheers,
Kathy
