Thanks Bill,

No worries, we will lead and liaise with WM.

Emma and Vaoita,
Can you please progress,

Adrian,

Can you advise HSCID?

Thanks marie

Marie

Don't care who leads. However, we have been tasked with getting replacement services in place ahead of the boards decision to close. Nick has agreed to release the \$2m to FCMU for Y-PARC and Michael has said the division will fund also. So maybe it's us.

Bill

Hi Adrian,

I think it is appropriate to merge the briefs but I think West Moreton should take over as lead as they are progressing the Barrett Strategy unless (and could you please check with Bill) it is more about strategic planning of future beds for adolescents across the state rather than Barrett itself?? It could really go either way, we are quite happy to lead and liaise with WM if Bill thinks that is more appropriate,

Please ask Bill to advise,

Thanks Marie

Hi Marie

As anticipated DDGs office now wish to know if we should combine the briefs for BAC - the one we produced by us and the one submitted from WMHHS.

Do you think we should now take over as the lead on this brief ?

Maybe Vaoita can review both and see if there are any contentious issues

Adrian

Hi Adrian,

Can you please advise if we are able to take the lead (and if it is appropriate) on this brief merging?

Many thanks,

Kim
